My friend living in Canada will come to Japan on March 20. His name is Jack. He will stay in Japan for two months and he wants to travel around Shikoku by bike.

Jack likes cycling and writes about his trips with beautiful pictures on his SNS. He wants to visit the local areas and enjoy the beautiful season of spring. He has been looking for useful information written in English on the Internet, but he can't find it.

Where should he visit in Shikoku? Can you tell me about your idea? I will give the information to Jack later. I hope he will have a great time in Shikoku.
